

As a listener of KLOVE radio station 88.1, I am displeased to hear that it could be replaced by an LPFM broadcaster providing other programming. KLOVE is a great inspiration to me and provides a positive, commercial free alternative for our community. Their programming is family friendly and provides a safe haven for any member of our families. They also help to promote strong values which enrich our families, businesses and communities. I urge you to reconsider how you introduce LPFM into the broadcast world. It would be a major loss to our communities to and America to have KLOVE forced to surrender their current translator services. Thank you for your consideration.
